DEAR PROPERTY OWNER:

The Saskatchewan Assessment Management Agency (SAMA) continues to work hard to help local governments maintain a stabilized assessment base.

Your Council and SAMA have agreed to a reinspection program to be carried out in the R.M. of Lomond #37 this year. Reinspection is an ongoing program by SAMA to ensure information about the physical characteristics of all properties are up to date. To ensure that your property is assessed correctly we encourage you to provide SAMA with the information needed to complete an accurate assessment.

As the landowner, you are the expert when it comes to the productivity of your land. We have enclosed a Farmland Information Sheet with this letter so you can assist SAMA appraisers by identifying your cultivated acreages and areas on your individual quarters that are less or non-productive due to salinity or flooding. If you have no issues, please fill in your name and check the box at the top of the form.

**Review of properties in your municipality should begin 2 weeks after receipt of this letter and completed somewhere between May and September.**

**The form(s) can be returned to the RM office or SAMA office located at 100B 18th Street, Weyburn, SK S4H 2W4. If you prefer to scan and email to Christine Peters, please email [weyburn.region@sama.sk.ca](mailto:weyburn.region@sama.sk.ca) or fax to 306-848-2399.**

We value your input and would appreciate a response as soon as possible. Please know SAMA may call you at the number you provide on the enclosed information sheet with any additional questions. We encourage you to inspect your current property's assessment information by using the Agency's SAMAView service. To Access SAMAView, please visit <https://mysama.ca/account/public-login> to sign in.

Should you have questions about your assessment, please contact the SAMA Office at 306-848-2580 or the toll-free number during business hours at 1-800-498-0575. General concerns unrelated to your property assessment, can be directed to Aleshia Underwood at the RM Office at 306-456-2566.

Your understanding and cooperation will be greatly appreciated in this important step to assist your municipality in maintaining equity and municipal stability.

Kind regards,

Graham Stearns PAg., MRAAS, LAAS
